View 'Spring Constellations and Binoculars' on April 22

Neil Stewart of the Millstream Astronomy Club will be presenting the program Spring Constellations and Binoculars on Saturday, April 22, at 8 p.m. The program will be about those star patterns in the sky and what they mean. His talk also includes information about how to use binoculars to view the night sky. After the talk, telescopes will be available to look at the sky, or bring your own. Meet at Shelter 5 at Riverbend Recreation Area.

Registration for this free program is not required. All ages are welcome to attend.

Riverbend Recreation Area is located at 16618 TR 208, off SR 568, east of Findlay. For more information about other upcoming park programs and events, view the HPD Seasonal Program & Event Guide at www.HancockParks.com under the "What's New" section, visit our park "Calendar" or call the park office at 419-425-7275.
