**DISCUSSION**

**Hancock Park District Report:**

The levy ballot language was approved as submitted per the Hancock County Board of Elections. The levy will be Issue #6. A punch list review at Great Karg Well Historical Site was completed. Three steps need to be taken before a request for reimbursement can be sent to the Department of Natural Resources: complete a post construction survey and close out the City of Findlay Flood Development Permit, install site amenities and the NatureWorks grant program sign, and take photographs of the completed project. State Representative Jon Cross supported the Oxbow Bend Activity Area Improvement Project with a \$250,000.00 grant. A similar proposal was sent to Senator McColley.

Interviews are being conducted for seasonal park laborers and a natural resource intern. Site amenities will be installed at Great Karg Well Historical Site on Wednesday followed by new site amenities at Riverside Park Waterfront. Due to the warm weather, mowing may begin soon.

Spring programs for March, April, and May and summer camps have been posted on the website. Some camps are already full. Summer programs will be posted on the website in May. Interviews will be conducted for a program intern and waterfront staff. Maple Sugaring programs are being held at Riverbend Recreation Area this week.
